

Chlorilong® CLASSIC

Chlorilong® CLASSIC is a slow dissolving chlorine tablet for the continuous removal of impurities from the pool water.

Use

Function of product: chlorine disinfection.

Chlorilong® CLASSIC is a slow dissolving 250g pool chlorine tablet for the continuous disinfection to eliminate bacteria and remove turbidity in the pool water.

Product description

High-concentrated chlorine tablets.

Dosing/instructions for use

- Initial dosage: Carry out a basic chlorination with Chloriklar® or Chlorifix, then add the corresponding quantity of Chlorilong® CLASSIC tablets directly in the skimmer.
- Continuous dosage: 1 Chlorilong CLASSIC® tablet for 30 m³ to apply directly into the skimmer (*The dissolution speed may vary and is highly dependent on pump running time and water temperature).

Important note: Never apply Chlorilong® CLASSIC tablets directly into the pool to prevent bleaching spots. Avoid direct contact with non chlorine resistant materials

Product benefits:

- 1 Pool chlorine tablets made from high quality raw materials
- 2 A.P.O.® technology guarantees a uniform amount of chlorine during the dissolution period
- 3 No gaps in the water disinfection and additional security for clean and safe pool water
- 4 Ensures crystal clear water
- 5 Do not contain copper sulfate (will not cause damage to the pool surface)

Ref: 5536118 / 5536128

Weight: 5 kg / 10 kg

Essential Care
